

STEPS Eligibility and Benefit Comparison

Behavioral Health Eligible	Other Disability Eligible
<p>Individuals with the following behavioral health primary diagnosis who receive SSI or SSDI:</p> <ol style="list-style-type: none"> 1. Schizophrenia; 2. Bipolar and major depression; 3. Delusional disorders; 4. Personality disorders; 5. Psychosis not otherwise specified; 6. Obsessive-compulsive disorder; 7. Post-traumatic stress disorder; or 8. Substance use disorder (SUD) or co-occurring SUD. 	<p>Individuals on one of the following waitlists or waivers who receive SSI-only:</p> <ol style="list-style-type: none"> 1. Physical Disability (PD) 2. Intellectual/Developmental Disability (IDD), or 3. Brain Injury (BI)
<p>These individuals do not currently have waiver services available to them. They would not qualify for PAS unless they can demonstrate eligibility for the PD, IDD, or BI waiver.</p> <p>They would not normally be eligible for Medicaid without meeting spend-down requirements. They will instead pay a premium (\$0 to \$205) consistent with the Working Healthy Medicaid Buy-in program.</p> <p>They will benefit from employment services and most could potentially transition quickly to Working Healthy.</p>	<p>Will not lose their place on the waiver or waiting list if they choose to participate and explore employment options.</p> <p>Hope to reach youth and young adults before they receive waiver services or resign to living on SSI with waiver services (if receiving) instead of the health and financial benefits of employment.</p> <p>This group is not eligible for Working Healthy (WH), but it is believed that they may eventually transition to WH/WORK resulting in lower capitation rates and better health outcomes than if they were to remain unemployed and continue or eventually receive waiver services.</p>
<p>Premiums will be charged for those whose countable income is over 100% of FPL.</p>	<p>No shared cost for this group if they remain SSI eligible.</p>
